

Workshop details for 27th February "Mercury The Winged Messenger"

7pm START

Container for Design 1: Oasis container that holds a brick (block) of oasis (the shallow oblong one). You can bring it soaked but **do not** secure it to the oasis dish.

Something your container will sit on to elevate it a bit (just so it's not sitting flat on a table etc).

Containers for Design 2 (Double placement): Two (2) x round dishes or square rounds. Approx 1/3rd block of oasis in each. One container will need to be elevated on top of a vase or a stand approx 10 or so inches high. Remember your design will be heavier on the top so you might need to weight what you are using to elevate. The oasis can be secured in these ready for use and attached to your vase/stand ---- or you can do it at club.

Flowers (the list of flowers & items will be sufficient for all arrangements)

10-12 Yellow Single Carnations --- **You do need yellow**

Bunch Roses (10) --- Colour of your choice – or mixed colours

Bunch red roses or red/yellow two tone (5 or 6) – or bunch of the small floribunda roses – whatever the supermarket or wherever you get your flowers has.

Bunch spray carnations with mixed colours peach/red/pink/purple (try to steer clear of white) – Or if you can't get these a bunch of peach

2-3 stems red spray chrysanthemums

6 Midelino sticks – (**Colour does not matter but you do need 2 of each colour**) -
-- Midelino sticks available to purchase at club

Foliages

Small and medium size forms of filler foliage i.e., Viburnum, Ivy/ivy berries, Pittosporum, Hebe, Box, Conifer etc etc (you do not huge leaves). If you have some Skimmia with the red berries that would fit in well.

If you have a few pink flowers they too would fit in nicely – could be artificial – again don't get buying anything special we have things like that in stock
